Subject:2014/0113/DET

I wish to add a point of clarification to my original comments made on this planning application:-

While the application site does not lie within the Callander Conservation Area, it does lie adjacent to it. Branches of the conservation area also stretch to the north, east and west of the site which effectively places the site in the centre of the town where it impacts on the character of surrounding areas of traditional buildings.

Kind regards

Susan
