Subject:Neighbourhood Notification 2014/0113/PPP

Thank you for the above neighbourhood notification concerning the retrospective planning application for a two storey building in Glenartney Road, Callander.

Other than to reiterate previous complaints over the poor management of noise, hygiene issues and over-development, all of which appear to be of no interest to planning or environmental health authorities I would only comment that I do not believe that the building has been erected in Glenartney Road but rather, in Ancaster Square.

With regard to the noise problem, I am unable to make use of the rooms at the front of my 'house.

I feel that since the building work has already been completed I have been excluded from the planning process, as has the planning authority. I am sure that the appropriate approval will be granted in due course.

If you wish me to expand any of these comments I would be quite happy to speak with you providing that the meeting is corroborated.
