Dear Sir/Madam

**Reference Number 2015/0064/HAE**

I submit the attached Appeal against the decision made on 24<sup>th</sup> April 2015 to refuse me permission to install double glazed windows.

As No 2 is the only property in Dochart Road which has not had replacement windows installed both as an enhancement to the property and a measure to conserve energy, I consider the decision to be completely out of date with today's conservation and energy saving publicity drives.

The part in the refusal document which recommends draught strips, secondary glazing and shutters with curtains seems to be draconian to say the least and also unsightly from within the building as well as not being in keeping with modern building practice.

I trust this appeal will be given due consideration in keeping with maintaining a unified appearance to all the houses in Dochart Road.

**Yours sincerely**

***A.J.M Stewart***
