

EIR Ref: 2016/066

12th January 2017

REQUEST UNDER ENVIRONMENTAL INFORMATION (SCOTLAND) REGULATIONS 2004

I refer to your request for information, received by email on 7th December 2016.

We have applied the exemption under Section 39(2) of the Freedom of Information (Scotland) Act 2002 as we have determined that the information sought in your request is environmental information. We are therefore handling your request under the terms of the Environmental Information (Scotland) Regulations 2004 (EIRs). In this case the public interest in maintaining this exemption and in dealing with the request in line with the requirements of the EIRs outweighs any public interest in disclosing the information under FOISA.

Your specific requests and the response from the National Park Authority are provided below

“Please could you confirm which of the Park run campsites have mobile phone reception and on which networks and similarly which of the permit areas within the camping management zones currently have mobile reception and which networks and which do not.”

Details of mobile phone reception are provided by all mobile phone providers. This information can be found online, including at:

http://www.uk-mobile-broadband-deals.com/coverage.php?utm_source=bing-yahoo&utm_medium=cpc&utm_term=%2Bmobile%20%2Bcoverage&utm_campaign=bing-coverage

The Park Authority's camping management zones have been published in the byelaws document which can be found on our website at:

<http://www.thisisyourpark.org.uk/camping-management-byelaws-2017/>

Accordingly I can advise under R6(1)(b) of the EIR's that this information is already publically available and easily accessible.

Yours sincerely
