SCHEME OF DELEGATION RELATIVE TO PLANNING

INTRODUCTION

In keeping with the aims of the Scottish Ministers that the planning system should respond in a more proportionate and efficient way to proposals that come before it and to ensure that applications for planning permission are dealt with in a way that is appropriate to their scale and complexity, Loch Lomond and The Trossachs National Park Authority (the "LLTNPA") as planning authority for the Loch Lomond & The Trossachs National Park have adopted this Scheme of Delegation. This Scheme of Delegation has been prepared in pursuance of the provisions of Section 43A of the Town and Country Planning (Scotland) Act 1997 (as amended) (the "1997 Act"), as introduced by Section 17 of the Planning etc. (Scotland) Act 2006 (the "2006 Act"), and in accordance with the requirements set down within The Town and Country Planning (Schemes of Delegation and Local Review Procedure) (Scotland) Regulations 2013. It also sets out other planning powers which are delegated under the National Parks (Scotland) Act 2000 (the "2000 Act") and the Loch Lomond and The Trossachs National Park Designation, Transitional and Consequential Provisions (Scotland) Order 2002/201 (the "Designation Order").

The meaning of all words and phrases used within this Scheme of Delegation, where not otherwise given, will be as provided for under the various Acts and Regulations referred to. For the avoidance of doubt attention is drawn to the fact that, in accordance with the 2006 Act, the Scottish Ministers will determine which applications fall into the category of "major development" or the category of "local development". There is no scope for local interpretation either by planning authorities, applicants or by other stakeholders.

"Local development" for the purposes of this Scheme of Delegation will include all development other than national development, as designated in a National Planning Framework document prepared and published by the Scottish Ministers under Part 1A of the 1997 Act; and major development, as identified in terms of The Town and Country Planning (Hierarchy of Developments) (Scotland) Regulations 2009 (the "2009 Regulations").

1. The **Appointed Officer** who shall be entitled to exercise the delegated powers set out below shall be the Director of **Operations**, and where he/she so determines, the **Head of Rural Development and Planning, the Development and Implementation Manager, or such other appropriate Director, Head of Service or Manager** of the **LLTNPA**. Part 3 of the **Scheme of Delegation** sets those powers which may also be exercised by the Development **and Implementation** Manager or the Enforcement **Planning** Officer on behalf of the **LLTNPA**.
2. Any delegated decision under the terms of this Scheme of Delegation shall observe the following general requirements:
 - 2.1 all determinations shall be carried out in accordance with the provisions of the development plan, unless material considerations indicate otherwise;
 - 2.2 no determination shall be made which conflicts with a decision made by the Planning and Access Committee on a previous similar application or enforcement matter on the same site unless there has been a change in the material considerations applicable;
 - 2.3 all determinations made under Part 1 of this Scheme of Delegation shall be reported, for information only, on the first available National Park Weekly Planning Schedule.

- 3 In a number of the categories of delegation there may be the need for a degree of judgment and interpretation on the part of Appointed Officer. As with all schemes of delegation this is unavoidable. However, rather than set artificial thresholds, it is considered more appropriate for the Appointed Officer to use their professional discretion to determine those matters which would otherwise be considered by the Planning and Access Committee.
