

EIR 2019-001

18th January 2019

REQUEST UNDER ENVIRONMENTAL INFORMATION (SCOTLAND) REGULATIONS 2004

I refer to your requests for information, received in five emails on 10th January 2019. The information you have requested is environmental information, as defined in Regulation 2 of the Environmental Information (Scotland) Regulations 2004 (EIRs). The Park Authority has an obligation to deal with your request under the EIRs and an option to also deal with your request under the Freedom of Information (Scotland) Act 2002 (FOISA), unless the public interest lies in dealing with your request solely under the EIRs. We consider that the public interest in dealing with your request solely under the EIRs outweighs the public interest in also dealing with your request under FOISA, on the basis that the public interest is not served by duplicating consideration of your request under both regimes. We have therefore applied the exemption in section 39(2) of FOISA and dealt with your request under the EIRs alone.

The response from the National Park Authority is provided below.

Details in relation to Notices/Orders under the legislation you have referenced are recorded on our planning portal at: <http://www.lochlomond-trossachs.org/planning/planning-applications/find-an-application/>

I can therefore advise under R6(1)(b) of the EIRs that this information is already publically available and easily accessible.

Should you require information in relation to specific notices or orders that are on the planning portal, please submit a request with the relevant details. **I can also confirm that there are no outstanding invoices or money owed.**

Information on our TPO's is published on our website at:

<http://www.lochlomond-trossachs.org/planning/planning-applications/make-an-application/tree-preservation-orders-national-park/>

The Park Authority continues to review its TPO's so the information provided here may change
