5. (1) Where an application for consent is made to the planning authority under this Order the planning authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof) as the planning authority may think fit, or may refuse consent.

Provided that where the application relates to any woodlands specified in the First Schedule to this Order the planning authority shall grant consent so far as it accords with the principles of good forestry, except where, in the opinion of the planning authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area and shall not impose conditions on such consent requiring replacement or replanting.
