# 1. Introduction

This Action Programme accompanies the Local Development Plan (the Plan) and identifies the actions needed to implement and deliver the development proposals and policies contained within the Plan.

These actions involve a range of stakeholders and focus on delivering the Plan's:

- a) Vision – Section 2
- b) Placemaking priorities identified in the main growth areas including Callander, Balloch and Arrochar – Section 3
- c) Placemaking Priorities identified in towns and villages – Section 3
- d) Strategic transport projects – Section 4
- e) Allocated sites in the Strategic Growth Areas – Section 5
- f) Allocated sites in towns and villages – Section 6
- g) Local development plan policies – Section 7
- h) Supplementary and Planning Guidance – Section 8

Timescales for carrying out each of the actions, the lead body/organisation responsible, infrastructure needs and other stakeholders involved are included, along with an update on progress made in delivering the action required to date. Some actions are already progressing well, whilst others require to be instigated during the Plan period (2017-2026).

This Action Programme will be used to monitor progress and as a project management tool to show where more focussed effort/action is required to facilitate site delivery and, where necessary highlight slippage in programmed activity. Allocated sites and policies are included with the timescales for the delivery of housing sites being linked to the Housing Land Audit. Actions will be reviewed bi-annually in collaboration with the wide range of delivery partners involved and the Action Programme itself will be re-published every two years.

The following pages chart the progress and status of all actions. Where possible infrastructure needs and associated development costs have been added. The level of detail on infrastructure and costs will expand as the delivery process evolves.

## 2: Vision and Development Strategy

**Development Strategy Map**

Focus majority of growth in **Strategic Growth Areas** of Arrochar, Balloch and Callander

Deliver **high quality visitor accommodation** in a range of locations with **more places to camp and experience the outdoors**.

Deliver **75 new homes a year** (open market and affordable)

Support **more active travel** options and **off-road connections**

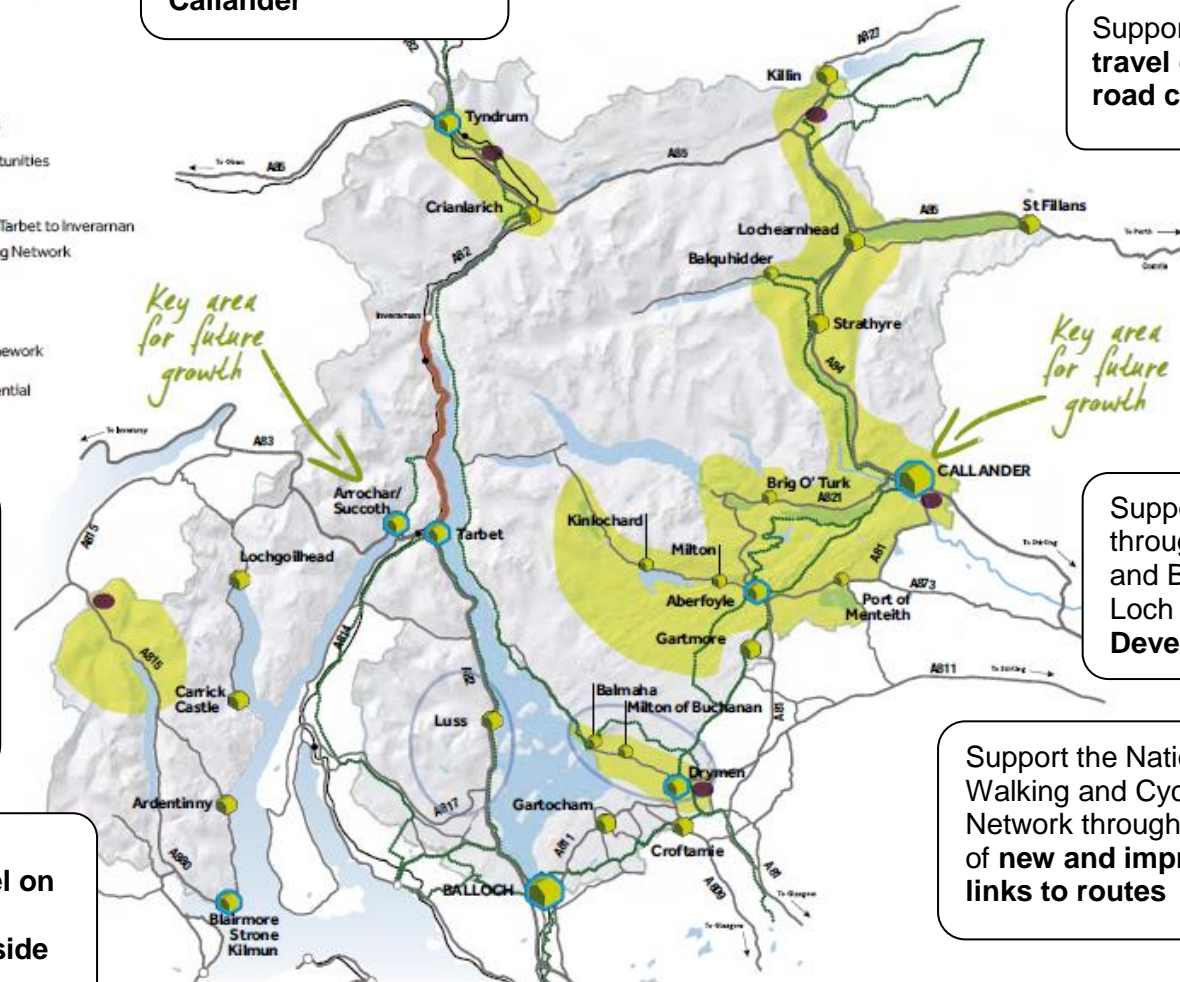

Support **Placemaking Priorities** in Aberfoyle, Arrochar, Balloch, Blairmore, Callander, Drymen, Tarbet and Tyndrum

Deliver **Strategic Transport Infrastructure** improvements at A82 (Tarbet to Inverarnan) and Callander South (new road bridge across River Teith)

Support more opportunities to **travel on the Lochs** and experience being **beside the water**

Support the rural economy through **Rural Activity Areas** and Buchanan South and West Loch Lomondside **Rural Development Frameworks**

Support the National Walking and Cycle Network through delivery of **new and improved links to routes**

Contains OS data © Crown copyright and database right 2016

## Main themes to deliver the Vision and Development Strategy

### Three Strategic Growth Areas

Arrochar, Balloch and Callander offer the greatest potential for sustainable development growth based on economies of scale for services and facilities, ability of surrounding environment to accommodate development and access to sustainable transport. Each of these areas has a good mix of land use allocated.

### Eight Placemaking Priorities

The Plan identifies eight Placemaking Priorities of Aberfoyle, Arrochar, Balloch, Blairmore, Callander, Drymen, Tarbet and Tyndrum. Placemaking Priorities are central areas with good potential for public realm improvements and/or new development opportunities. Some of these have grown from local community thoughts and ideas driven by former charrettes. The key focus for these areas is to create a more welcoming and friendly environment for people to walk, cycle, visit, shop and work in. The works could include improvements to open/green space, easier path networks to walk/cycle, de-cluttered street furniture, buildings for community uses and soft landscaping measures.

### Two Rural Development Frameworks

Rural Development Frameworks are identified at West Loch Lomondside (between Inverbeg and Balloch including Luss) and Buchanan South (between Drymen and Balmaha including Buchanan). These identify where there is opportunity for some development within the countryside, linked to ongoing land management and diversification and supporting rural communities and the rural economy.

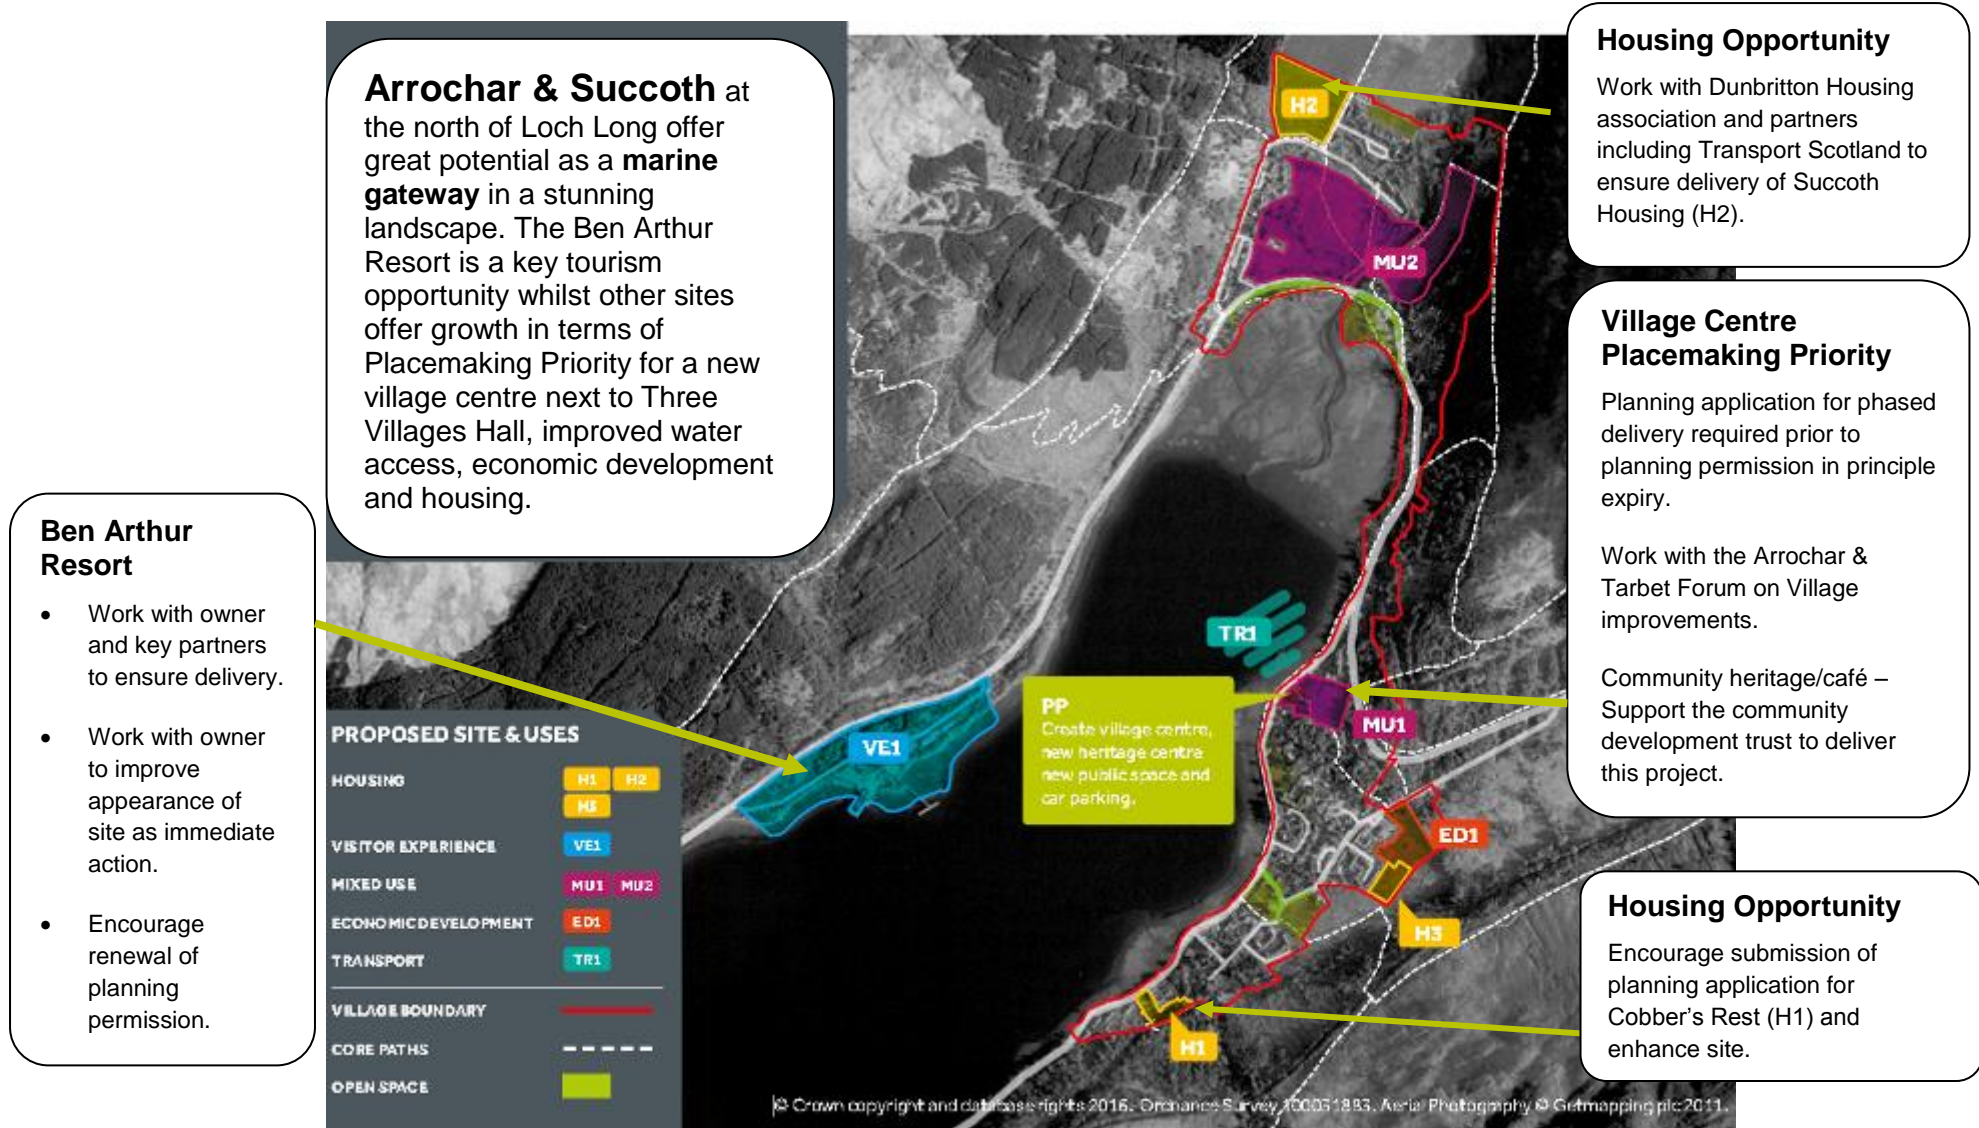

## Delivery partners

Action by a wide range of partners is required to deliver the vision and development strategy set out in the Plan. This includes landowners, agents, developers, as well as the local authorities, agencies and public sector organisations identified below. The icons below will be used to show the relevant partner needed to support each action. Partnership working between private and public sector is needed to deliver key infrastructure and services for development growth many towns and villages. In some instances developer contributions will be sought and this is identified as far as practicably possible in this document however advice should always be sought early from the National Park Authority as circumstances can/may change.

Agent	<b>Ag</b>	Scottish Enterprise	
Argyll & Bute Council		Scottish Environment Protection Agency	<b>SEPA</b>
Community Council	<b>CC</b>	Scottish Futures Trust	<b>SFT</b>
Development Trust	<b>DD</b>	Scottish Government

Perth & Kinross Council		Transport Scotland	
Police Scotland		Visit Scotland	
Rural Stirling Housing Association		West Dunbartonshire Council	

### 3. Strategic Growth Areas and Placemaking Priorities

## Arrochar & Succoth

Good progress is being made in delivering the strategic vision for Arrochar & Succoth. Following on from the charrette in 2014, there has been continued work with owners of the sites and partners. In July 2016 planning permission in principle was approved for the Arrochar Village Centre site.

Planning permission for the Ben Arthur Project has now lapsed however it is intended that the blighted site will be tidied up this year and a new submission made for the renewal of the detailed planning permission for 130-bed hotel, holiday apartments and housing.

The housing site at Succoth (H1) is delivering affordable housing funded by Argyll and Bute's Strategic Housing Investment fund, planning permission expires in July 2017. Ongoing action involves joint working between Dunbritton Housing Association and Trunk Roads Authority to progress the required road access upgrade.

**Balloch** on the shores of Loch Lomond offers great opportunities for growth especially for Visitor Experience with sites at West Riverside, Balloch Castle and Country Park, Placemaking Priority, Woodbank House and Transport /Pier End. Other sites for housing are also available.

### Balloch Pier and Maid

Work alongside Loch Lomond Steamship Company to introduce temporary visitor/passenger facilities for Maid of Loch project.

### West Riverside and Woodbank House

Work alongside the new owner and encourage submission of planning application in Spring / Summer 2017.

### Village Centre Placemaking Priority

Work with Sustrans and West Dunbartonshire Council on the design of the Station Square and Village Square to improve arrival point in Balloch and connection from the train station.

Support co-ordination of new development activity with actions from the 2016 Charrette.

## Balloch

Following the 2016 Balloch Charrette there has been a strong drive from partners and the local community to rejuvenate the centre of Balloch and develop West Riverside. A planning application for West Riverside and Woodbank House is anticipated to be submitted in 2017 and a pre-application consultation will precede the submission to ensure the public and stakeholders can input into the proposals.

The new pontoon recently constructed at Loch Lomond Shores offers an enhanced

visitor experience and Balloch Castle has received recent repairs undertaken by West Dunbartonshire Council. New signage has been erected and a new play park has been built at Moss of Balloch. Planning permission has lapsed for improvements to the Sweeney boatyard and a renewal of this application will be encouraged. The idea of an iconic bridge connecting West Riverside with Balloch Country Park is an idea generated through the charrette process and remains a long term ambition.

**Callander** is the largest town in the Park and forms its eastern gateway. The town is set within a special landscape including River Teith, Callander Crag and Ben Ledi. The majority of growth opportunity is to the south at Claish Farm which is allocated for a mix of uses including visitor experience and housing.

Callander has the opportunity to a) design and create friendly environments for pedestrians and cyclists with support from Sustrans, and b) develop a long term road bridge through City Deal and developer contributions to accommodate future growth.

### Station Road Car Park

Encourage Stirling Council to market the site as a development opportunity for retail and business uses with enhanced parking area and bus turning area.

**PP**  
Focus on town centre regeneration and public realm improvements

### Town Centre Placemaking Priority

Continue to work with the community and Stirling Council to improve the town centre public realm including improved shop frontages, addressing street clutter, and improvement to signage.

Work with Sustrans to encourage active travel improvements.

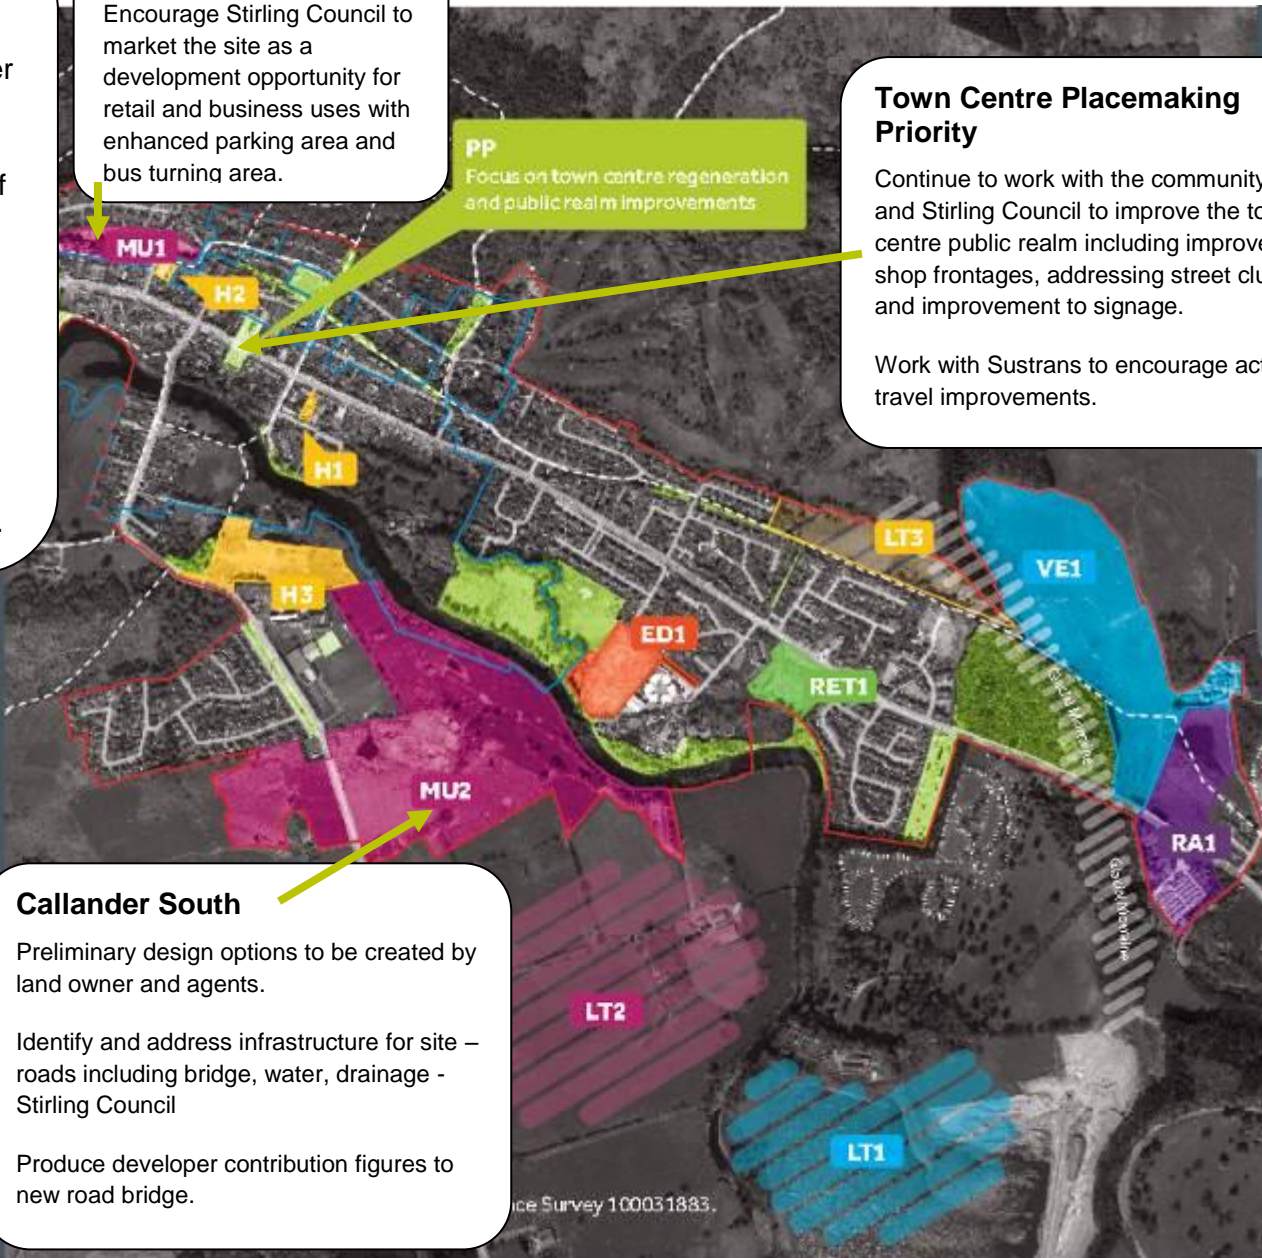

### Callander South

Preliminary design options to be created by land owner and agents.

Identify and address infrastructure for site – roads including bridge, water, drainage – Stirling Council

Produce developer contribution figures to new road bridge.

## Callander

The main focus for Callander is to deliver the outcomes identified in the Charrette, Community Action Plan and Callander Landscape Partnership including regeneration and support to the town centre (modernisation of Station Road Car Park including new supermarket), a replacement pedestrian bridge, long term road bridge and associated road improvements, and visitor accommodation and large scale land release to the south of the River Teith, known as Claish Farm, to accommodate housing, tourism, economic development and Riverside Park. A masterplan framework for Callander South has been approved as Planning Guidance. Developer contributions will be required towards education and the new road bridge.

Since the Callander Charrette in 2011 significant improvements have been made to Ancaster Square public realm including installation of quality materials, new benches and prioritised bus stop. More recently, initial design proposals have been generated for improved routes for pedestrians and cyclists in consultation with Stirling Council and Sustrans. These routes will better connect the services and facilities throughout Callander with local residents. People will have the opportunity to offer ideas on the design proposals during a public consultation in 2017.

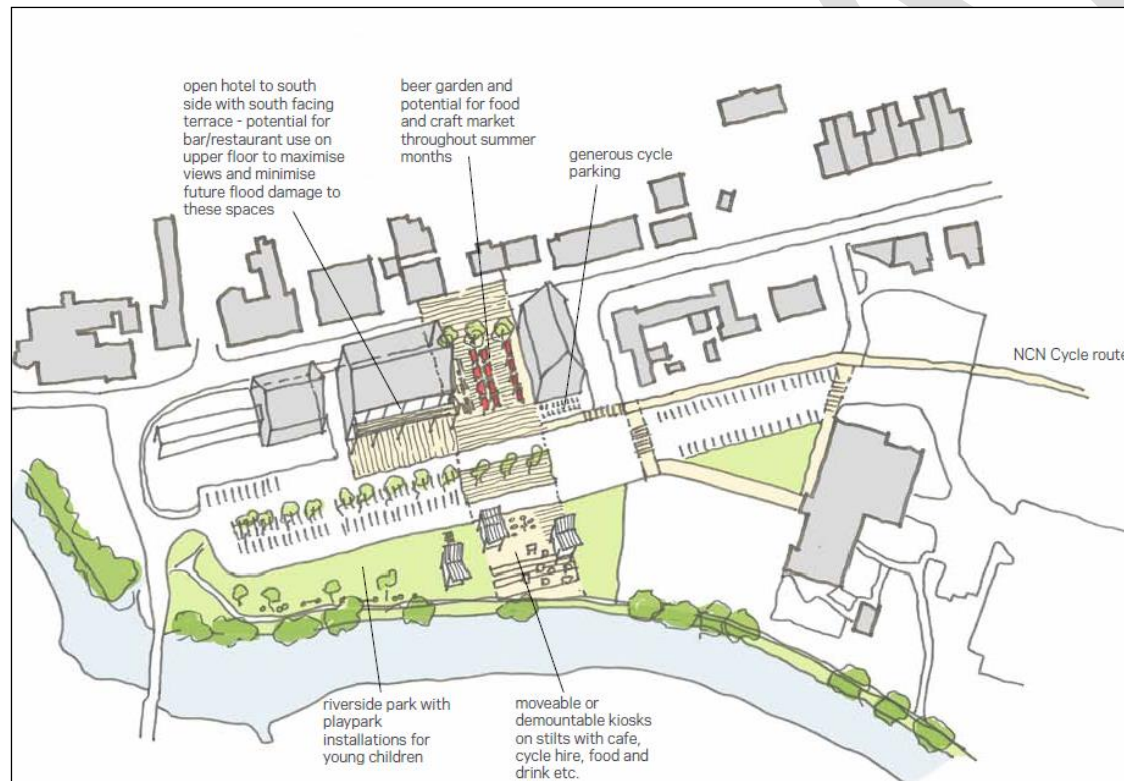

## Placemaking Priorities (PP) – all other Villages

### Aberfoyle Place-making Priority

The 2013 charrette and other community engagement identified the opportunity to enhance and improve two key areas within the village centre- the main street and the Riverside area. Both are busy visitor areas and offer scope for improved public space and realm, and opportunity to better utilise the Riverside setting with more activities and enterprises aimed at outdoor recreation, food and drink and craft market activity.

Flooding is a key issue within Aberfoyle. Stirling Council is the lead agency working with the community to identify and implement flood prevention measures.

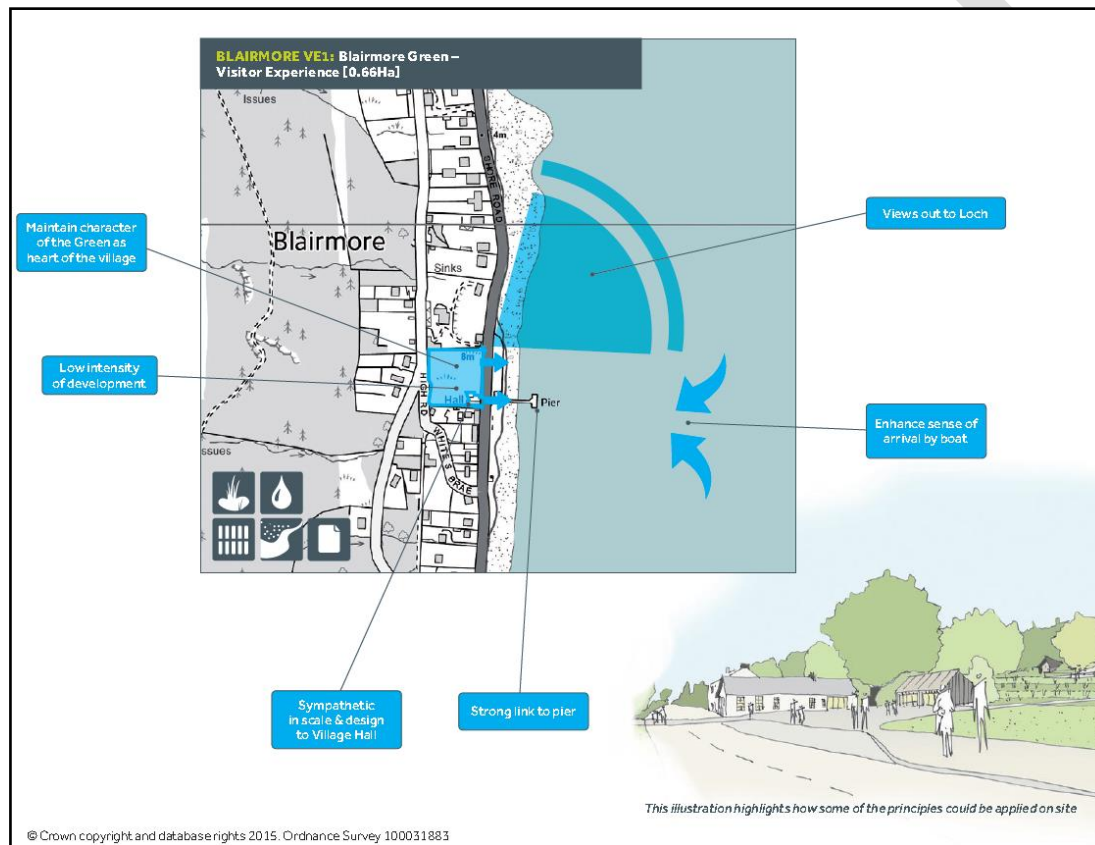

## Blairmore Placemaking Priority

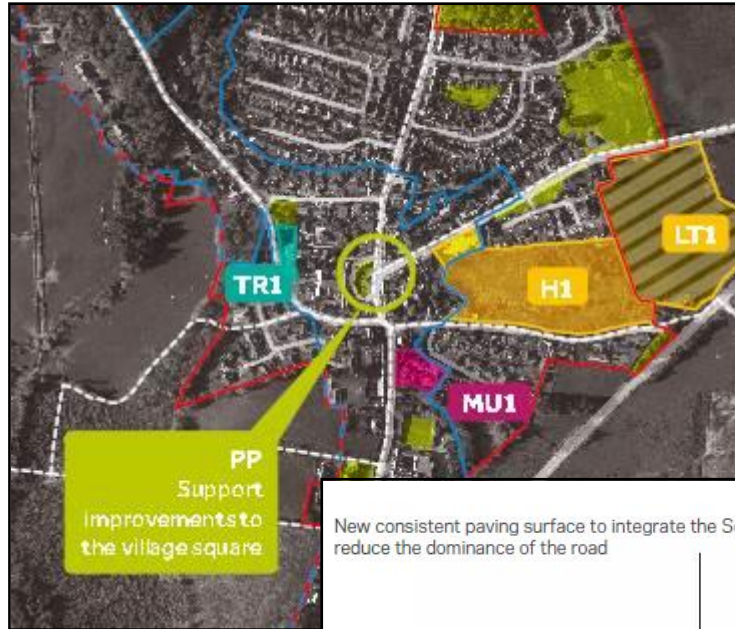

The local community have helped shape ideas to transform the Village Green into a more useable space for the benefit of both locals and visitors through the Charrette in 2013/2014. The vision for the Village Green is to create recreational open space, tourism accommodation, café/shop, parking and bus stop, use of renewables, and bike and boat hire. The Blairmore Village Trust (a partner trust to the Benmore and Kilmun Community Development

Trust) purchased the site in 2016 and started developing plans for the open space. It is hoped that a planning application will be submitted in 2017 and funding will be raised to implement this initial part of the phased development of the site. The site is allocated in the Local Development Plan (Blairmore VE1) and it guides future development

## Drymen Placemaking Priority

The square in Drymen is the main focus for this placemaking priority.

The Square is the central point of the village and a priority for action identified through the 2013 Charrette and in the Local Community Action Plan. Action is needed to make it a more attractive, safe and functional place for people to congregate and gather, including a review of car parking, pedestrian safety and landscaping.

## Tarbet Placemaking Priority

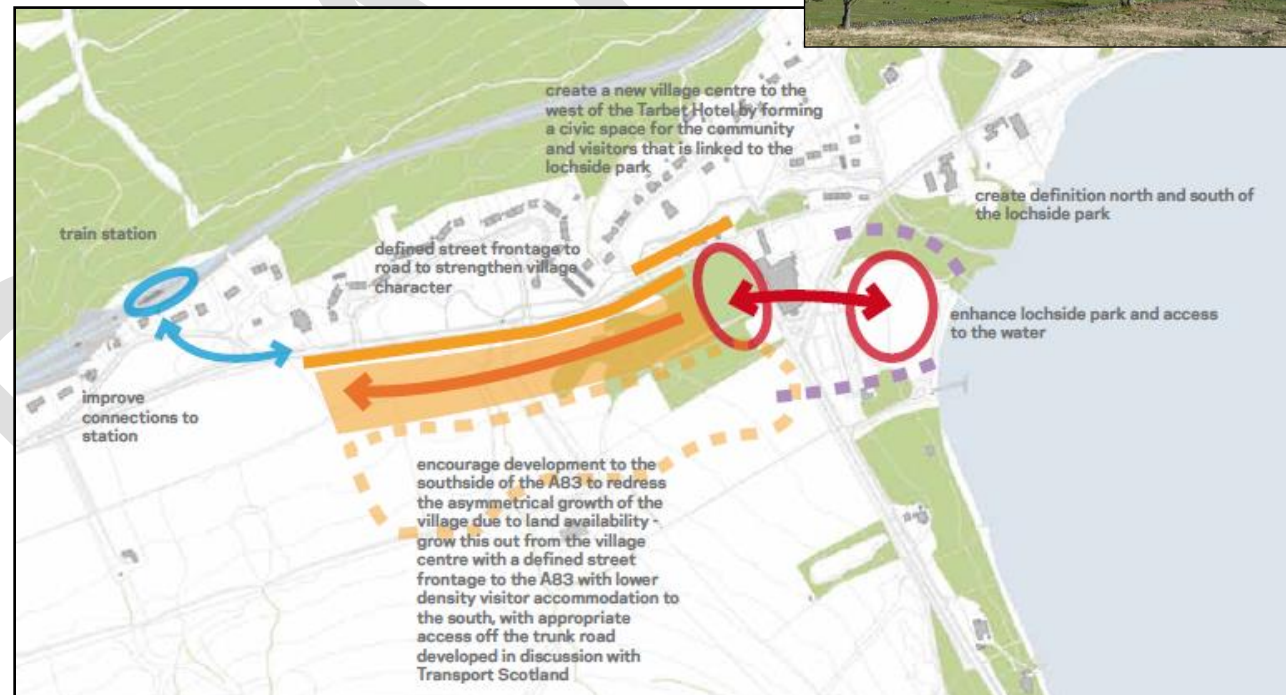

The main focus of this placemaking priority is to ensure the new development sites (VE1, MU2) are developed within a masterplan framework with the primary focus to address the junction of the A82/A83 and create a new core for Tarbet.

The Tourist Information Centre has closed and the old filling station site is blighting the arrival into Tarbet from the south and from the north the old garage site is also in

need of being regenerated to create a sense of arrival.

The National Park Authority owns the open recreational space with associated loch frontage, including the car park, kiosk and public toilets. There is an opportunity to stimulate development of the other sites through improvements to this site by enhancing visitor car parking and facilities – this is under consideration. A planning application will be encouraged with

community engagement expected to inform detailed ideas for the site.

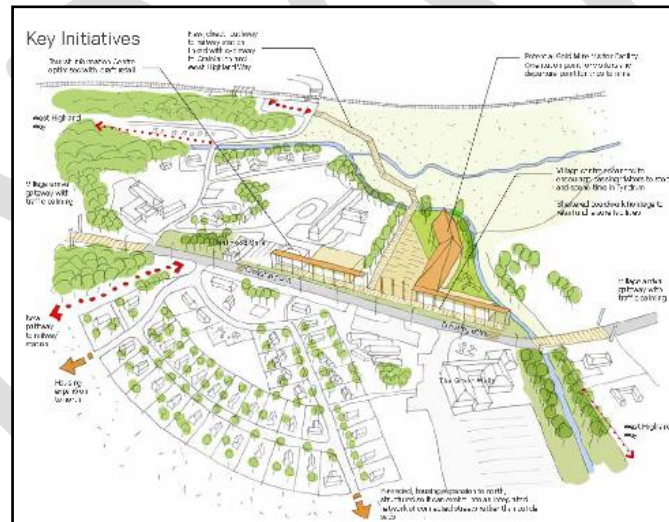

## Tyndrum Placemaking Priority

A charrette took place in 2013 highlighting that Tyndrum had a lack of focus and is more a stopping over point and there are limited opportunities to stop and linger and enjoy what Tyndrum has to offer. A small scale trial has been underway producing gold from the stockpiled ore from exploratory works in the nearby Cononish Glen.

It is hoped that the **gold mine** is opened before the planning permission expires (Jan 2018) or a renewal or revised application is submitted in order to stimulate development of Tyndrum and possibly realise the community's aspiration of a visitor centre with a gold/geology theme. In the interim, there are **opportunities to improve the public realm** – a new covered walkway - between the Real Food Café and the Green Welly that are both popular stopping points.

The key partners in the project are the community, Transport Scotland and the local businesses. The Real Food Café have recently undertaken works to improve their own public image – signage, new extension which is contributing positively to the place. The new cycle/foot path between Crainlarich and Tyndrum started to be constructed early 2017 and this will create a **new circular walking route** from Tyndrum through the community woodland. This may encourage visitors to stop and stay as it will create day visit opportunities.

## 4. Strategic Transport Infrastructure

A82 Trunk Road Upgrade between Tarbet and Inverarnan	Callander to Doune Route765 (pedestrian & cycle path)	Killin to Tyndrum route (pedestrian & cycle path)	Callander Bridges
This is the major upgrade of a National Trunk Road along the site of Loch Lomond. It is identified as a strategic priority nationally to strengthen strategic road connections that serve the north and west coast directly and also the ports that connect to the islands. The project is identified on the Development Strategy Map (pg17) of the Local Development Plan and identified within NPF3.	Route 765 of the National Cycle Network currently connects Doune with Stirling. The project involves extending the route from Doune to Callander with 5km of new traffic free route. The majority of this route is outwith the National Park, however, it is a priority for Callander as identified in the Local Development Plan (p42) and a national priority under NPF3 (no.8)	This path will contribute to the delivery of the 'Cross-Scotland Pilgrims Way' long distance cycle route, a national priority under NPF 3 (no. 8). It will connect with NCN number 7 in Killin and connect westwards to Oban. It includes 40km of path creation from Tyndrum to Crieff through Glen Ogle.	A priority for Callander within the Local Development Plan (p42) is to accommodate a replacement pedestrian bridge, a long term road bridge and associated road improvements.
<b>Timescale:</b> 2017-2021	<b>Timescale:</b> 2017-2021	<b>Timescale:</b> 2017-2021	<b>Timescale:</b> 2017-2021
<b>Status:</b> Transport Scotland has selected a preferred upgrade option utilising the existing A82 corridor. It is currently in the design development stage, identifying land and preparing Draft Orders which will define the line of the route. It is also undertaking an Environmental Impact Assessment. The assessment that will form part of the Environmental Statement are being undertaken. No planning permission required as covered by Roads legislation subject to Roads Orders signed by Scottish Minister.	<b>Status:</b> Planning permission yet to be secured – Stirling Council will handle the planning application. Stirling Council and Sustrans are negotiating with the landowner and finding is anticipated 2017-18 which is included with the Stirling City Deal. A planning application is anticipated 2017.	<b>Status:</b> The section between St Fillans and Tynreoch was constructed in 2016 planning permission (Reference: 2015/0302/DET). There is a pending application for a further section within St Fillans (reference 2016/0357/DET). The section between Crianlarich to Tyndrum has planning permission (2016/0057/DET) and work commenced at Tyndrum early 2017. Other sections Crianlarich to Tyndrum and Lochearnhead to St Fillans – feasibility study and community/landowner consultation underway.	<b>Status:</b> Planning permission yet to be secured.

A82 Trunk Road Upgrade between Tarbet and Inverarnan	Callander to Doune Route765 (pedestrian & cycle path)	Killin to Tyndrum route (pedestrian & cycle path)	Callander Bridges
<b>Who:</b> Landowners: Various Project Lead: Transport Scotland and Operating Company: BEAR Scotland Delivery Partners: Argyll and Bute Council, SEPA, SNH, NPA, Network rail, Community Councils.	<b>Who:</b> Stirling Council, Sustrans	<b>Who:</b> St Fillans Community Trust, Strathfillan Community Development Trust, Killin Community Council. Loch Lomond & Trossachs Countryside Trust is delivering the project between Tyndrum and Crianlarich.	<b>Who:</b> Stirling Council, NPA

## 5. Allocated sites in Strategic Growth Areas

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
<b>Arrochar</b>					
Arrochar H1 Cobblers Rest Housing 12 Homes	Landowner: Mr. William Burton  Agent: Clark Design Architecture  Delivery Partners: 	2018-2020	Planning permission for 12 homes lapsed in 2006 (2006/0409/DET).  Affordable housing requirement of 25%.	Encourage submission of new planning application.	The site has been marketed as single plots.
				Work with the Argyll and Bute Council to ensure site is identified in Strategic Housing Investment Programme (SHIP).	The site is not identified in the Argyll and Bute Council SHIP.
				Work with Housing Association and developer to agree affordable housing delivery.	
				Land needs serviced. Scottish Water confirms sufficient capacity at the Water and Waste Water Treatment works. Early engagement with Scottish Water is recommended.	
Arrochar H2 Succoth Housing 26 Homes	Landowner: Dunbritton	2017-2018	Planning Permission in	Work with partners to ensure site is delivered	Dunbritton Housing Association currently in

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
	Housing Association, Agent: CP Architects  Delivery Partners: 		place for 26 units (reference: 2014/0027/DET)	including Trunk road connection needs agreement between Transport Scotland and Dunbritton Housing Association.	discussion with Trunk Roads Authority. The pre-start conditions have been partially discharged. Work has not commenced on site.
				Scottish Water advises that a flow and pressure test may be required to assess the local network in terms of water supply	
				Once completed Argyll and Bute Council Housing department may undertake a further needs analysis.	The site is identified in the Argyll and Bute Council SHIP. The 26 units are being delivered as social rented affordable.
Arrochar ED1 Arrochar Economic Development	Landowner: Luss Estates Agent: Delivery Partners: 	2017-2021		Discuss options with landowner. Encourage planning application to be submitted. There is currently sufficient capacity at the Waste Water Treatment Works however engagement with Scottish Water is recommended once final flows are known.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Arrochar MU1 Land next to 3 Villages Hall Mixed Uses of Visitor Experience and Community Use	Landowner: Arrochar Hotel Group and Community Development Trust Agent: Opfer Logan Architects and FPS Planning  Delivery Partners: 	2017-2021	Planning Permission in Principle approved (Reference: 2015/0447/PPP) for mixed use development of land for tourism, housing, retail, community/heritage and civic space in July 2016.	Encourage detailed planning applications (matters specified in conditions) are submitted for each phase of the proposal.	
				Work with community to help develop their plans for the community/heritage element.	
				Scottish Water recommended early engagement to discuss service connections.	
Arrochar MU2 Succoth Mixed Use of Visitor Experience & Community Use	Landowner: Ben Arthur Co. Agent: Delivery Partners: 	2017-2021		Footpath upgrade including new bridge.	
				Removal of invasive species.	
				Feasibility studies and flood risk assessment to be undertaken.	Amenity notice was issued to tidy up the site.
				Scottish Water advises a Flow And Pressure Test and Drainage Impact Assessment may be required to assess the local network. Early engagement with Scottish Water is recommended.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Arrochar VE1 Ben Arthur Mixed Use of Housing (16 Homes) and Visitor Experience	Landowner: Ben Arthur Ltd. Agent: Delivery Partners: 	2020-2022	Permission lapsed June 2016 (reference 2012/0163/DET) for 130 bed hotel, 36 holiday accommodation units, 16 dwelling houses, chandlery/cafe bar building and pedestrian walkway.	Encourage owners to submit a planning application for renewal of 2012 permission.	NPA in discussions with owner regarding renewal of the planning permission.
				Work with owners and partners to improve the appearance of the site and prevent fly tipping.	Amenity Notice served in July 2016 to clear up site and close road.
				Scottish Water advises a Flow And Pressure Test and Drainage Impact Assessment may be required to assess the local network. Early engagement with Scottish Water is recommended.	
Arrochar TR1 Arrochar Pier Transport	Landowner: Crown land Agent: Community Development Trust Delivery Partners: 	2017-2021	Permission lapsed in 2012 for pontoon (reference 2009/0264/DET)  The Community are pursuing a new pontoon at an alternative site.	Ongoing liaison with the community, Argyll and Bute Council and Luss Estates through the Arrochar Forum.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Arrochar H3 Church Road Housing 6 Homes	Landowner: Luss Estates Agent: Delivery Partners: 	2022-2024	25% affordable housing requirement.	No immediate action. Long term housing site.	
<b>Balloch</b>					
Balloch VE1 West Riverside Visitor Experience	Landowner: Scottish Enterprise, NPA, West Dunbartonshire Council, Pier & Engine House leased to Loch Lomond Steamship Company (LLSC) Agent: Flamingo Land Agent - Peter Brett Associates (PBA) LLSC Agent – studioKAP Architects  Delivery Partners:  Community, LL Water Sports Association, LLSC	2017-2021	No planning permission for main site.	Encourage submission of a planning application for main site and associated masterplan and co-ordination between different interests.	Developer 'Flamingo Land Ltd' was named as the preferred developer in 2016 by Scottish Enterprise. Public consultation due 2017 followed by Planning application.
			No planning permission required for works on 'Maid' or repairs to Balloch Pier.	Encourage LLSC to submit planning application for temporary passenger/visitor facility summer 2017.	Refurbishment works on maid and repairs to pier planned from summer 2017-2018.
			Planning permission required for new passenger/visitor facility on pier.	Scottish Water recommends early engagement to discuss service connections.	
				Work with partners to encourage feasibility study for River Leven bridge connection between West Riverside and Balloch Country Park.	Identified within Balloch Charrette.

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Balloch VE2 East Riverside Visitor Experience	Landowner: West Dunbartonshire Council Agent: Delivery Partners: 	2017-2021	No planning permission.	<div>Improve facilities for events such as drainage and parking.</div> <div>Enhance connection to riverside.</div> <div>Scottish Water recommends early engagement to discuss service connections.</div>	New play park has been constructed.
Balloch VE3 Balloch Castle Visitor Experience	Landowner: Glasgow City Council Agent: ZM Architecture (Feasibility)  Delivery Partners:  , Community	2017-2021	No planning permission.	<div>Glasgow City Council, WDC and NPA to progress redevelopment of Castle for reuse.</div> <div>Feasibility study being led on by WDC to investigate future uses of Castle.</div> <div>Scottish Water recommends early engagement to discuss service connections.</div>	<div>Significant restoration works. Toilets re-developed and to reopen.</div> <div>Report to be completed March 2017.</div>
Balloch VE4 Woodbank House Visitor Experience	Landowner: Flamingo Land  Agent: Peter Brett Associates (PBA)  Delivery Partners:	2017-2021	No planning permission.	Encourage planning application and associated masterplan.	Vegetation cleared from site. Developer 'Flamingo Land Ltd' was named as the preferred developer in 2016 by Scottish Enterprise. Public consultation due followed by planning application in 2017.

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
	 Community			Scottish Water recommends early engagement to discuss service connections.	
Balloch MU1 The Old Station Mixed Use of Visitor Experience & Transport	Landowner: Scottish Enterprise and Sweeney's Cruises Agent: Peter Brett Associates (PBA)  Delivery  Partners:-  Community	2017-2021	No planning permission. Planning permission lapsed for upgrade to Sweeney's cruises yard.	Encourage submission of a planning application and masterplan to include Sweeney's cruises land.	Developer 'Flamingo Land Ltd' was named as the preferred developer in 2016 by Scottish Enterprise for part of the site.
				Work with partners to ensure road upgrades and public realm is improved between Train Station and Visit Scotland Centre at Old Station	Part of Sustrans/ West Dunbartonshire Council Design improvements post Charrette. Outline Design by Sustrans 2017. West Dunbartonshire Council to produce detailed design 2018. Road improvements 2018-2019
				Scottish Water recommends early engagement to discuss service connections.	
Balloch MU2 Carrochan Road Mixed Use	Landowner: West Dunbartonshire council.  Delivery Partners:  Community	2018-2022	Planning permission in principle approved January 2016 (reference 2015/0075/PPP)	Encourage detailed planning application submitted.	Planning permission in principle granted.
				Scottish Water recommends early engagement to discuss service connections.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Balloch H1 North of Craiglomond Gardens Housing 8 Homes	Landowner: Robert Dawson Esq  Agent: Jim Lough  Delivery Partners:  , Community	2023-2025	Planning permission lapsed in 2012 (reference 2007/0214/DET)	Planning application to be determined.	Current planning application 2016/0200/DET for the erection of 8 two-bed cottage flats.
				Scottish Water recommends early engagement to discuss service connections.	
Balloch TR1 Loch Lomond Shores Transport	Landowners: Loch Lomond Shores for Drumkinnon Bay, West Dunbartonshire Council own Balloch Pier, National Park Authority own slipway and pontoon.  Delivery Partners; Loch Lomond Steamship Company, Community	2017-2021	Planning permission approved 2012/0104/DET for pontoon at Drumkinnon Bay.  No planning permission required for repairs to Balloch Pier.	Refurbishment of main Balloch pier for Maid of Loch.	Refurbishment works planned from summer 2017 to summer 2018.
				Improve strong connections to water based transport.	New pontoon in operation within Drumkinnon Bay.

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
<b>Callander</b>					
Callander H1 Pearl Street Housing 5 Homes	Landowner: Stirling Council Housing Partnership  Agent: None.  Delivery Partners: 	2018-2019	Developer contributions – 33% affordable housing.	Planning application for 4 two-bed cottage flats 2016/0196/DET to be determined.	Planning application submitted.
				Scottish Water advise: a) early engagement, b) limited capacity at the waste water treatment works and a Drainage Impact Assessment required, and c) Network investigations may be required to assess the local network.	
Callander H2 Old Telephone Exchange Housing 23 Homes	Landowner: Rural Housing Stirling Association (RSHA) Agent: Delivery Partners: 	2016-2018	Planning permission for 23no flats (reference 2014/0095/DET) expires July 2019.	Work with developer to ensure site is developed before expiry of the planning permission.	Planning permission granted. RSHA expected to be on site Spring 2017.
				Scottish Water advise: a) early engagement, b) limited capacity at the waste treatment works and a Drainage Impact Assessment required, and c) Network investigations may be required to assess the local network.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
Callander H3 Churchfields Housing 30 Homes	Landowner: Mike Luti  Agent: Felsham Planning & Development  Delivery Partners:   	2022-2025	Lapsed planning permission in principle expired in 2013 (reference 2008/0376/OUT)  33% affordable housing	Encourage owner to submit planning application with development adopting ecosystems services approach with support from SEPA, SNH and River Forth Fisheries Trust.	Active discussions are underway with a number of parties who have expressed an interest.
				Scottish Water advise: a) early engagement, b) limited capacity at the waste water treatment works and a Drainage Impact Assessment required, and c) Network investigations may be required to assess the local network.	
Callander LT3 Balgibbon Drive Housing	Landowner: Robert Mackellar  Agent: Graham+ Sibbald, Glasgow  Delivery Partners:  	<b>Long Term</b>	No planning permission	Long terms site	
				Scottish Water advise: a) early engagement, b) limited capacity at the waste water treatment works and a Drainage Impact Assessment required, and c) Network investigations may be required to assess the local network.	

Town/Village, site reference and name, land use	Partners and Landowner	Timescale	Planning Status & Contributions required	Actions required	Progress
