## Introduction

The Freedom of Information (Scotland) Act 2002 requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- publish the classes of information that they make routinely available
- tell the public how to access the information and what it might cost.

## Definition of “published” information

For the purposes of this MPS, to be “published”, information must be

- Already produced and prepared and
- Available to anyone to access easily without having to make a request for it

Research and information services which involve the commissioning of new information are not “publications”

The purpose of this Guide to Information is to:

- allow you to see what information is available (and what is not available) in relation to each class
- state what charges may be applied
- explain how you can find the information easily
- provide contact details for enquiries and to get help with accessing the information
- explain how to request information we hold that has not been published

## Adoption of the MPS

Loch Lomond & The Trossachs National Park Authority has adopted the Model Publication Scheme produced by the Scottish Information Commissioner. You can [view the Model Publication Scheme online](#).

Adoption of the MPS commits the Park Authority to:

Use the MPS as our publication scheme, accepting any updates to the MPS without amendment

Publish the information, including environmental information we hold which falls within the classes of information (see below)

Ensure that the way we publish our information meets the MPS Principles (see below)

Produce a Guide to Information which sets out:

- The information we publish through the MPS  
how to access it
- Whether there is a charge for it
- How to get help to access information

## Principle One: availability and formats

The information we publish through the model scheme is, wherever possible, available on our website. We offer alternative arrangements for people who do not want to, or cannot, access the information online or by inspection at our premises. For example, we can usually arrange to send information to you in paper copy (although there may be a charge for this).

### Accessing information under the scheme

Our Guide to Information provides more details of the information available under the scheme, along with additional guidance on how the information falling within each “class” may be accessed. If it is not listed in our Publication Scheme you can make a request for the information under information legislation –

Freedom of Information (Scotland) Act 2002 (FOISA) and Environmental Information (Scotland) Regulations 2004 (EIRs).

Online:

Most information listed in our Guide to Information is available on our website. In many cases a link will direct you to the relevant page or document. Where no such link is present, you can find this information using the [Loch Lomond & The Trossachs National Park Authority website](#) "Search" facility. If you are still having trouble finding any document listed under our scheme, then please call 01389 722600 for further assistance.

By email:

If the information that you are looking for is listed in the Publication Scheme that but is not published on our website, we can send it to you by email [info@lochlomond-trossachs.org](mailto:info@lochlomond-trossachs.org).

By phone:

Information provided through the scheme can also be requested from us over the telephone. Please call 01389 722600 to request information available under this scheme.

By post:

Information under the scheme may also be available in paper copy form. Please address your request to:

Governance & Legal Team  
National Park Headquarters  
Carrochan  
Carrochan Road  
Balloch  
G83 8EG

When writing to us to request information under the scheme, please include your name and address and full details of the information or documents you would like to receive. Please also include a telephone number or email address so that we can contact you to clarify any details, if necessary.

By inspection at our premises

Some of the information that we publish in accordance with the scheme may be available for inspection on site.

**Principle Two: Exempt information**

We will publish the information we hold that falls within the classes of information below. If a document contains information that is exempt under Scotland's Freedom of Information laws (for example sensitive personal information or a trade secret), we may remove or redact the information before publication but we will explain why.

Information that we may withhold

Our aim in maintaining this Guide is to be as open as possible. All information covered by the publication scheme can either be accessed through our website, or will be provided promptly following our receipt of your request.

If a document contains information that the National Park Authority may legitimately wish to exempt from disclosure under an appropriate section of Scotland's Freedom of Information laws, (for example sensitive personal information or a trade secret), we may remove or redact the information before publication but we will inform you that we have done so and provide an explanation of why the information is withheld. The

Scottish Information Commissioner's guidance on information that may be exempt from publication is available on the [Public Knowledge website](#).

If you wish to complain about any information which has been withheld from you, please refer to Principle Five: Contact details.

### **Principle Three: Copyright and re-use**

Where the Park Authority hold the copyright in its published information this information cannot be copied or reproduced without formal permission. Such permission will usually be granted provided it is copied or reproduced accurately, is not used in a misleading context and provided that the source of the material is identified and the copyright status is acknowledged. Contact details can be found at Principle Five: Contact details

Where the Park Authority does not hold the copyright in information we publish, we will make this clear.

The publication scheme may, however, contain information where the copyright holder is not the Park Authority. In most cases the copyright holder will be obvious from the documents. In cases where the copyright is unclear however, it is the responsibility of the person accessing the information to locate and seek the permission of the copyright holder before reproducing the material or in any other way breaching the rights of the copyright holder. Wherever possible, this Guide will indicate where we do not own the copyright on documents.

Information about Crown copyright material is available on the website of the Queen's Printer for Scotland at [www.oqps.gov.uk](http://www.oqps.gov.uk). We can provide you with a copy of this information if you do not have internet access.

Re-use means using public sector information for a purpose other than the initial public task it was produced for. Typically this would mean an individual, company or other organisation taking information the Park Authority has produced and republishing it or using it to produce a new product or resource, often by combining it with other information. This is sometimes, though not always on a commercial basis. The Re-use of Public Sector Information Regulations 2015 (RPSI) is about permitting re-use of information and how it is made available.

RPSI does not apply to information that would be exempt from disclosure under information access legislation i.e. the Data Protection Act, the Freedom of Information (Scotland) Act, the Environmental Information (Scotland) Regulations and the INSPIRE (Scotland) Regulations.

Information that would be exempt from a request under Section 25 of the Freedom of Information (Scotland) Act because it is already reasonably accessible to the requester would normally be available for re-use.

RPSI does not apply to recorded information held by the Park Authority if someone else holds the intellectual property rights (e.g. copyright or database right) the Park Authority can only permit re-use if it holds the intellectual property rights to the information.

Requests for re-use must be submitted in writing with a name and address for correspondence to the address given at Principle Five: contact details, specifying the information to be re-used and the purpose it is intended to use it for.

### **Principle Four: Charges**

Wherever possible, information contained within our Guide is available from us free of charge, where it can be downloaded from our website or where it can be sent to you electronically by email.

We reserve the right to impose charges for providing information. Charges will reflect the actual costs to the Park Authority, as set out below.

If we do need to make a charge, you will be advised of the charge and how it has been calculated. Information will not be provided to you until payment has been received.

#### Reproduction costs:

- Where charges are applied, photocopied information will be charged at a standard rate of 10p per A4 side of paper (black and white copy) and 30p per A4 side of paper (colour copy).
- Computer discs will be charged at the rate of £1.00 per CD-ROM.

#### Postage cost:

We will pass on postage charges to you at the cost to the Park Authority of sending the information by second class post.

Charges may apply for unpublished information which is obtained by submitting a request under Freedom of Information laws.

This charging schedule does not apply to our commercial publications (see Class 8 below). These items are offered for sale through a retail outlet and their price reflects a 'market value' which may include the cost of production.

#### Charging Policy for EIR/FOISA requests

Most enquiries, where information not listed on the publication scheme can be easily located and retrieved, are free of charge. However, if your request is for information that is not easily available and is more complex to locate and retrieve then a charge may be applied. If this is anticipated to take more than seven hours to complete, the following charges apply:

#### Staff Costs:

- £25 per hour of staff time for environmental information
- £15 per hour of staff time for non-environmental information, charges applicable up to 10% of the total cost

If we need to make a charge we will contact you before sending any material.

We are not required to comply with a request under FOISA where the estimated cost of doing so would exceed £600. There is no upper limit for charging for environmental information.

We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. Charges may be made for locating, retrieving and providing information to you.

In the event that we decide to impose a charge, we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

#### Environmental information:

Charges may be made for locating, retrieving and providing information to you. We do not charge for the time to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released.

In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to

proceed with the request there will be no charge to you.

#### Requests for your own personal data:

Under data protection legislation you have the right to ask us to tell you whether we hold any personal information relating to you, and if so, to provide you with a copy of such data. This is called a “Subject Access Request”.

Information about [how to make a request for any personal information we hold about you](#) can be found online.

View our [privacy policy](#).

#### Can I access personal information on someone else’s behalf?

You can make a request on someone else’s behalf. This can be necessary for a solicitor acting on behalf of a client, or it could simply be that an individual wants someone else to act for them.

In these cases, we need to be satisfied that the person making the request on behalf of another person has their permission to act on their behalf. It’s the third party’s responsibility to provide this evidence, which could be a written authority to make the request, or a power of attorney.

#### **Principle Five: Contact details**

You can contact us for assistance with any aspect of this guide to information. We will be pleased to hear your comments and suggestions, work to resolve any complaints, or advise you on how to ask for information that we do not routinely publish.

If there is any information listed in this document that you cannot find, please email us at: [info@lochlomond-trossachs.org](mailto:info@lochlomond-trossachs.org) and we will locate the information you need and send it to you. Or you can contact us on 01389 722600 to ask for a hard copy to be posted to you.

Should you wish to request a copy of any information that we hold that is not available under this scheme, please contact us at:

Governance & Legal Team  
National Park Headquarters  
Carrochan  
Carrochan Road  
Balloch  
G83 8EG

Email: [info@lochlomond-trossachs.org](mailto:info@lochlomond-trossachs.org)

Telephone number: 01389 722600

#### **Principle Six: Duration**

Once published through this Guide to Information, the information should be available for the current and previous two financial years. Where information has been updated or superseded, only the current version need be available) previous versions may be requested from us.

The Guide to Information contains a ‘last reviewed date’ on the document control sheet showing when this document was last reviewed, to ensure it contains the most up to date information.

## The Classes of Information

	<b>Class</b>	<b>Description</b>
1	About the Authority	Information about the Park Authority, who we are, where to find us, how to contact us, how we are managed and our external relations.
2	How we deliver our functions and services	Information about our work, our strategies and policies for delivering our functions and services and information for our service users.
3	How we take decisions and what we have decided	Information about the decisions we take, how we make decisions and how we involve others.
4	What we spend and how we spend it	Information about our strategy for, and management of financial resources (in sufficient detail to explain how we plan to spend public money and what has actually been spent)
5	How we manage our human, physical and information resources	Information about how we manage our human, physical and information resources.
6	How we procure good and services from external providers	Information about how we procure goods and services and out contracts with external providers.
7	How we are performing	Information about how we perform as an organisation and how well we deliver our functions and services
8	Our commercial publications	Information packaged and made available for sale on a commercial basis and sold at market value through a retail outlet e.g. bookshop, museum or research journal.
9	Our open data	The open data we make available as describe by the Scottish Government's Open Data Strategy and Resource Pak, available under an open licence.

### CLASS 1: ABOUT LOCH LOMOND & THE TROSSACHS NATIONAL PARK AUTHORITY

#### Class description:

Information about Loch Lomond and The Trossachs National Park Authority, who we are, where to find us, how to contact us, how we are managed and our external relations.

Loch Lomond & The Trossachs National Park Authority is a non-departmental public body, created in terms of the National Parks (Scotland) Act 2000 and the Loch Lomond and The Trossachs National Park Designation, Transitional and Consequential Provisions (Scotland) Order 2002. Its principal offices are in Balloch, but it also has satellite offices in Callander, Balmaha, and the Duncan Mills Memorial Slipway at Loch Lomond.

We have close working ties with a number of other organisations, including the Scottish Government, SEPA, SNH, Cairngorms National Park Authority and Forestry Commission Scotland, among others. In addition, we are a member of the SEARS family of non-departmental public bodies, created with a view to reducing inter-organisational red tape for land managers.

#### **CLASS 4: WHAT LOCH LOMOND & THE TROSSACHS NATIONAL PARK AUTHORITY SPENDS AND HOW IT SPENDS IT**

**Class description:** Information about our strategy for, and management of, financial resources (in sufficient detail to explain how we plan to spend public money and what has actually been spent).

The Finance department provides accounting, procurement and contracting services, helping to make best use of resources and fulfilling statutory responsibilities.

<u>The information we publish under this class</u>	<u>&amp; how to access it.</u>
<p><a href="#"><u>Within annual report</u></a> The Annual Report is a document that reports the highlights of the National Park Authority's performance during the year. The required format and content is not explicitly defined. The Annual Report can be read in conjunction with the Annual Report and Accounts or separately as a stand alone document.</p> <p><a href="#"><u>Annual Accounts and Reports</u></a> The Annual Report and Accounts are the statutory accounts for the National Park Authority. The format and content are prepared on the basis of International Financial Reporting Standards (IFRS) and the Government Financial Reporting Manual (FRm). The Annual Reports and Accounts are audited by the Authority's external auditors and the independent auditors' report is included within the Annual Report and Accounts.</p> <p>The Annual Report and Accounts comprises the Performance Report, Accountability Report (comprised of the Corporate Governance Report, Remuneration and Staff Report and Parliamentary</p>	<p><a href="http://www.lochlomond-trossachs.org/park-authority/publications/annual-reports-accounts/">http://www.lochlomond-trossachs.org/park-authority/publications/annual-reports-accounts/</a></p> <p><a href="http://www.lochlomond-trossachs.org/park-authority/publications/annual-reports-accounts/">http://www.lochlomond-trossachs.org/park-authority/publications/annual-reports-accounts/</a></p>

<p>Accountability Report), Independent Auditor's Report and the Annual Accounts. The Annual Accounts comprise the Statement of Comprehensive Net Expenditure, Statement of Financial Position, Statement of Cash Flows, Statement of Changes in Taxpayers' Equity and the Notes to the Accounts (including Accounting Policies).</p>
