EIR 2023-015  
30<sup>th</sup> June 2023

## REQUEST UNDER FREEDOM OF INFORMATION (SCOTLAND) ACT 2002

We refer to your request for information, received by email on 24<sup>th</sup> June 2023. The information you have requested is environmental information, as defined in Regulation 2 of the Environmental Information (Scotland) Regulations 2004 (EIRs). We have therefore applied the exemption in section 39(2) of FOISA and dealt with your request under the EIRs alone.

Your specific requests and the Park Authority's response are provided below.

**“In June 2023, various traffic calming measures (including but not limited to altered road markings, removal of designated taxi rank, placement of planters on previous traffic areas) were implemented in The Square, Drymen, G63 0BL. In relation to the aforementioned measures, please provide all risk assessment documents, application documents, development proposals/drawings, health and safety assessments in your possession.”**

The National Park Authority had no remit or involvement in the introduction of traffic calming measures in Drymen and we do not hold any of the requested information. Accordingly, we have to advise under Regulation 10(4)(a) of the EIRs that this information is not held.

Under our duty to provide advice and assistance, we can however recommend that you may wish to submit your request to Stirling Council, as this work would fall within their remit, and they may hold the information you are looking for. Details of the FOI process for the council can be found on their website at: [Freedom of Information | Stirling Council](#)

Yours sincerely

**Information Management  
Loch Lomond and the Trossachs National Park Authority**
