Summary

This paper provides the Audit and Risk Committee with a summary of internal audit activity since its last meeting and confirms the reviews planned for the coming quarter, identifying any changes to the annual plan.

We have completed two reviews since the last Audit and Risk Committee meeting, Financial Sustainability and Follow Up Part 2. Due to staff sickness within Azets the Management Information/Information Security review, due to be presented to the December Audit and Risk Committee, will now be presented to the March meeting.

We remain on track to provide our annual internal audit opinion to the June 2026 Audit and Risk Committee.

Plan for next quarter

The following reports are due to be presented to the December 2025 Audit and Risk Committee:

- Management Information/Information Security
- Stakeholder Engagement
- Follow Up – Part 3

Internal Audit Themes

As we have only completed one substantive audit to date, we have not identified any specific key themes to bring to the Audit and Risk Committees attention.

Action for Audit and Risk Committee

The Audit and Risk Committee is asked to note the contents of this report and to approve the increase in audit days for the stakeholder engagement review and to approve the plan for the next quarter. We also invite any comments on the format or content of this report.
